

Call for Applications for Undergraduate Small Grants

Overview:

During Spring 2019, thanks to generous support from the Charles Lafitte Foundation, P&N anticipates awarding multiple Small Grants of up to \$400 to Psychology and Neuroscience majors who did not receive URS awards, either because URS funds were exhausted or because the students were not enrolled in an Independent Study course.

For individuals who received an award from P&N during the Fall 2018 semester, additional funds may be awarded in Spring 2019 with submission of a progress report.

Submission Information:

Small Grant funds will be awarded on a rolling basis until the final application **deadline of March 31**. A completed Small Grant application should be emailed to PN-undergrad-grants@duke.edu as a single PDF file that includes the following:

- **Cover Sheet** (second page of this document).
- **Budget Summary** Itemized summary explaining how funds will be allocated.
- **P&N Mentor Approval** Brief statement of support from a P&N faculty mentor.
- **Confirmation of Completion of CITI Research Misconduct Tutorial** (completed online following the instructions at undergraduateresearch.duke.edu/urs-guidelines/responsible-conduct-research-training-and-tutorials).
- ***IRB Protocol/IACUC Number** Required only if your project will involve human subjects or animals.
- **Progress Report** (up to 1 page). Required only if you are requesting additional funds for a project that was funded by a P&N grant during the Fall 2018 term.

Expiration of funds:

Please note that grant funds must be expended by the last day of classes and cannot carry over to future terms. Any unused funds will be returned to the grant pool.

Questions:

Please direct questions to PN-undergrad-grants@duke.edu

**Funds will not be released until you have received approval for your project.*
