

Courses Listed by Area of Depth (revised 11/01/17)

The following is a list of PSY courses by area of depth. Some courses will appear multiple times due to overlapping course content. Not every course is offered each semester; check the course schedule for current listings.

General Courses (No Depth Area)

Course #	Course Title	Course #	Course Title
89S	First-Year Seminars ¹	290	Special Topics in Psychology – Lecture ⁸
101	Introductory Psychology ^{NS}	290S	Special Topics in Psychology – Seminar ^{4, 8}
155FS	Vision ^{1,3, NS}	390S	Special Topics in Psychology ⁸
185FS	Decoding Human Behavior ^{1,3}	393-394	Research Independent Study ^{2, 5, 8}
190FS	Focus - Special Topics Seminars ^{1,3}	493-494	Research Independent Study ^{2, 6, 8}
193FS	Neurobiology of Mind ^{1,3, NS}	490S	Special Topics in Psychology ⁸
201L	Introduction to Statistical Methods in Psychology	496	Distinction Thesis Workshop ⁷
202	Research Methods in Psychological Science ^{RM}	590	Special Topics in Psychology ⁸
203	Practicum ¹	690S	Special Topics in Psychology ⁸

¹Course does not count toward the AB

²Students may count one independent study course toward a depth area

³Open to students in the Focus Program only

⁴Does not fulfill the seminar requirement for the major

⁵Junior year or earlier

⁶Senior year

⁷Graduation with distinction

⁸Depth area dictated by course content

^{NS}Natural Sciences Elective

^{RM} Research Methods Requirement

Abnormal/Health Area (A)

Course #	Course Title	Course #	Course Title
105	Abnormal Psychology	410S	Community Based Prevention Intervention Research
205	Health Psychology and Behavior Change	411S	Disorders of Anxiety
206	Alcohol: Brain, Individual, and Society ^{NS}	412S	Psychology of Criminal Behavior
207	Child Clinical Psychology	436S	Clinical Interventions with Children and Families
208	Behavioral Aspects of Health	450S	The Psychology of Trauma and Memory
209	Stress and Coping	471S	Reward and Addiction ^{NS}
211	The Psychology of Health Behavior Change	473S	The Neurobiology of the Pain System: Its Function and Dysfunctions ^{NS}
212	Introduction to Forensic Psychology	474S	Biological Psychology of Human Development
213	Advanced Abnormal Psychology ^{NS}	500S	The Cinema of Psychopathology ^{NS}
214	Exercise and Mental Health ^{NS}	510S	Developmental Psychopathology
221	Personality	601S	Psychology Teaching Seminar
277	Looking Inside the Disordered Brain ^{NS}	605S	Obesity and Eating Disorders ^{NS}
306	Research Methods in Clinical Psychology ^{RM}	607S	Personality, Stress, and Disease ^{NS}
309	Research Methods in Global Health ^{RM}	609S	Psychosocial Determinants of Health
310	Research Methods in Psychopathology and Psychotherapy ^{RM}	610S	The Psychology of Mindfulness Meditation: Theory, Research, and Practice ^{NS}
316S	Clinical Issues for the LGBTQ Community	611	Global Mental Health ^{NS}
317S	Coping with Catastrophic Events	613S	Clinical Interventions: DBT
318S	Psychology of Positive Emotion and Experience	629S	Social Behavior and Personality
321S	Personality and Individual Differences	654S	Psychology of Aging
322S	Freud and Sexuality	655S	Children's Peer Relations
323	Fundamentals of Global Mental Health	671S	Nature and Treatment of Eating Disorders Across the Lifespan
325	Social Development from Childhood to Early Adulthood	681S	Genetics and Environment in Abnormal Behavior ^{NS}
339S	Life Span Analysis of Social Relationships	685S	Biological Pathways to Psychopathology ^{NS}
353S	Neuroplasticity and Disease: Molecules, Cells, and Circuits		
407S	History of Modern Psychology		

Biological Area (B)

Course#	Course Title	Course#	Course Title
106	Biological Bases of Behavior: Introduction and Survey ^{NS}	113L	Computing and the Brain ^{NS}
107	Biological Bases of Behavior (Team Based Learning) ^{NS}	206	Alcohol: Brain, Individual, and Society ^{NS}
		214	Exercise and Mental Health ^{NS}

Biological Area (B) (continued)

Course #	Course Title	Course #	Course Title
226	Sex/Gender - Nature/Nurture: Intersections of Biology and Society ^{NS}	407S	History of Modern Psychology
251	Learning and Adaptive Behavior ^{NS}	461S	Neurobiology of Learning and Memory ^{NS}
257	Introduction to Cognitive Neuroscience ^{NS}	469S	Cognitive Control and the Prefrontal Cortex ^{NS}
258	Decision Neuroscience ^{NS}	470S	Cognitive Neuroscience of Memory ^{NS}
273	Behavior and Neurochemistry ^{NS}	471S	Reward and Addiction ^{NS}
274	Drugs, Brain, and Behavior ^{NS}	473S	The Neurobiology of the Pain System: Its Functions and Dysfunctions ^{NS}
275	Fundamentals of Neuroscience ^{NS}	474S	Biological Psychology of Human Development
276D	Brain and Behavior: Translating Neuroscience ^{NS}	477S	Biology of Nervous System Diseases ^{NS}
277	Looking Inside the Disordered Brain ^{NS}	478S	Motivation, Action, Choice: Neural and Behavioral Mechanisms ^{NS}
278	Neuroethics ^{NS}	480	Affective Neuroscience ^{NS}
279	Behavioral Neuroimmunology: Brain and Behavior in Health and Disease ^{NS}	499	Current Research in Neuroscience ^{NS}
280	Social and Affective Neuroscience ^{NS}	499S	Current Research in Neuroscience ^{NS}
281	Neuroscientific Approaches to Social Behavior ^{NS}	500S	The Cinema of Psychopathology ^{NS}
282	Neuroscience of Movement and Athletic Performance ^{NS}	575	Brain and Language ^{NS}
302L	Brain Waves and Cognition ^{NS, RM}	580	The Biological Basis of Music
303L	Functional Neuroimaging ^{NS, RM}	601S	Psychology Teaching Seminar
308L	Perception and the Brain ^{NS, RM}	605S	Obesity and Eating Disorders ^{NS}
313	Contemporary Neuroscience Methods ^{NS, RM}	607S	Personality, Stress, and Disease ^{NS}
340S	Educational Neuroscience	667S	Learning and Cognition in Humans, Animals, and Robots ^{NS}
351S	Neuroplasticity and Expertise ^{NS}	670S	Language, Brain, and Human Behavior
353S	Neuroplasticity and Disease: Molecules, Cells, and Circuits	681S	Genetics and Environment in Abnormal Behavior ^{NS}
355S	Visual Perception & the Brain ^{NS}	684S	Hormones, Brain, and Cognition ^{NS}
375L	Functional Anatomy of the Human Brain ^{NS}	685S	Biological Pathways to Psychopathology ^{NS}
376S	Behavioral Neuroendocrinology ^{NS}	686S	Principles of Neuroimmunology ^{NS}

Cognitive Area (C)

Course #	Course Title	Course#	Course Title
102	Cognitive Psychology: Introduction and Survey ^{NS}	340S	Educational Neuroscience
113L	Computing and the Brain ^{NS}	352S	Seeing and Knowing: Introduction to Visual Cognition ^{NS}
206	Alcohol: Brain, Individual, and Society ^{NS}	355S	Visual Perception & the Brain ^{NS}
211	The Psychology of Health Behavior Change	371S	Cognition in the Classroom: Applying the Science of Learning to Education
214	Exercise and Mental Health ^{NS}	405S	Great Ideas in Psychology
227	Anthropology and Psychology	407S	History of Modern Psychology
240	Educational Psychology	425	The Psychology of Consumers
250	Myths and Mysteries of Memory	435S	The Role of Race and Culture on Development
251	Learning and Adaptive Behavior ^{NS}	437S	Language Development
252	Psychology of Thinking	450S	The Psychology of Trauma and Memory
254	The Creative Mind	451S	Autobiographical Memory ^{NS}
255	Human Cognitive Evolution ^{NS}	461S	Neurobiology of Learning and Memory ^{NS}
256	Psychology of Language	469S	Cognitive Control and the Prefrontal Cortex ^{NS}
257	Introduction to Cognitive Neuroscience ^{NS}	470S	Cognitive Neuroscience of Memory ^{NS}
258	Decision Neuroscience ^{NS}	473S	The Neurobiology of the Pain System: Its Function and Dysfunctions ^{NS}
260	Psychological Anthropology	478S	Motivation, Action, Choice: Neural and Behavioral Mechanisms ^{NS}
277	Looking Inside the Disordered Brain ^{NS}	479S	Auditory Neuroscience ^{NS}
278	Neuroethics ^{NS}	480	Affective Neuroscience ^{NS}
280	Social and Affective Neuroscience ^{NS}	575	Brain and Language ^{NS}
281	Neuroscientific Approaches to Social Behavior ^{NS}	601S	Psychology Teaching Seminar
302L	Brain Waves and Cognition ^{NS, RM}	603S	Research in the Classroom
303L	Functional Neuroimaging ^{NS, RM}		
308L	Perception and the Brain ^{NS, RM}		
313	Contemporary Neuroscience Methods ^{NS, RM}		

Cognitive Area (C) (continued)

Course#	Course Title	Course#	Course Title
629S	Social Behavior and Personality	670S	Language, Brain, and Human Behavior
654S	Psychology of Aging	681S	Genetics and Environment in Abnormal Behavior ^{NS}
667S	Learning and Cognition in Humans, Animals, and Robots ^{NS}	684S	Hormones, Brain, and Cognition ^{NS}
668S	Everyday Cognition	685S	Biological Pathways to Psychopathology ^{NS}

Developmental Area (D)

Course #	Course Title	Course#	Course Title
103	Developmental Psychology	330S	Develop Your Life
207	Child Clinical Psychology	335S	Moral Development
223	Social Identities	339S	Life Span Analysis of Social Relationships
226	Sex/Gender - Nature/Nurture: Intersections of Biology and Society ^{NS}	340S	Educational Neuroscience
230	Relationships Across the Lifespan	407S	History of Modern Psychology
235	Human Development*	435S	The Role of Race and Culture on Development
236	Psychosocial Aspects of Human Development	436S	Clinical Intervention with Children and Families
239	Adolescence	437S	Language Development
240	Educational Psychology	474S	Biological Psychology of Human Development
242D	Discovering Education and Human Development I: How Social Scientists Learn from Data	510S	Developmental Psychopathology
260	Psychological Anthropology	601S	Psychology Teaching Seminar
304	Child Observation ^{RM}	603S	Research in the Classroom
321S	Personality and Individual Differences	654S	Psychology of Aging
322S	Freud and Sexuality	655S	Children's Peer Relations
325	Social Development from Childhood to Early Adulthood	671S	Nature and Treatment of Eating Disorders Across the Lifespan
		681S	Genetics and Environment in Abnormal Behavior ^{NS}

*Course no longer offered as PSY 235; HUMANDEV/SOCIOL 224 will not count towards the PSY major beginning Fall 2017

Social Area (S)

Course #	Course Title	Course#	Course Title
104	Social Psychology	325	Social Development from Childhood to Early Adulthood
205	Health Psychology and Behavior Change	330S	Develop Your Life
206	Alcohol: Brain, Individual, and Society ^{NS}	335S	Moral Development
211	The Psychology of Health Behavior Change	368	Behavioral Finance
220	The Psychology of Gender	407S	History of Modern Psychology
221	Personality	410S	Community Based Prevention Intervention Research
223	Social Identities	412S	Psychology of Criminal Behavior
224	Self and Society	425	The Psychology of Consumers
225	Political Psychology	426	Social Psychology of Business
226	Sex/Gender - Nature/Nurture: Intersections of Biology and Society ^{NS}	435S	The Role of Race and Culture on Development
227	Anthropology and Psychology	601S	Psychology Teaching Seminar
230	Relationships Across the Lifespan	603S	Research in the Classroom
236	Psychosocial Aspects of Human Development	609S	Psychosocial Determinants of Health
260	Psychological Anthropology	625S	Motives, Goals, and Social Behavior
281	Neuroscientific Approaches to Social Behavior ^{NS}	627S	Stereotypes and Stigma
305	Research Methods in Social Psychology ^{RM}	629S	Social Behavior and Personality
318S	Psychology of Positive Emotion and Experience	654S	Psychology of Aging
324S	Motivation Science in Social Psychology	655S	Children's Peer Relations
